Setting the Trends

TOP SOLID

If you need an affordable kitchen worktop, then **TOP TRENDS** is the answer for you. The beauty about this range of standard laminate worktops is that while ...

TOP SHAPE++

... it may be competitively priced it is also high in quality!

TOP PLUS++

TOP TRENDS

TOPFORM

TopTrends is manufactured using some of the highest quality laminate and furniture-grade chipboard available in the world today. Available in 14 standard colours, TopTrends will complement any kitchens' décor.

The choice of colours used in the TopTrends range is based upon today's hottest trends in interior design and fashion. TopTrends worktops are designed for people who value style and wish to have something affordable in their kitchens.

With its' traditional profile, TopTrends, has been a familiar sight in Irish kitchens for the past 30 years. This reliable and cost effective work surface solution is available in both a 28mm and 40mm waterfall profile.

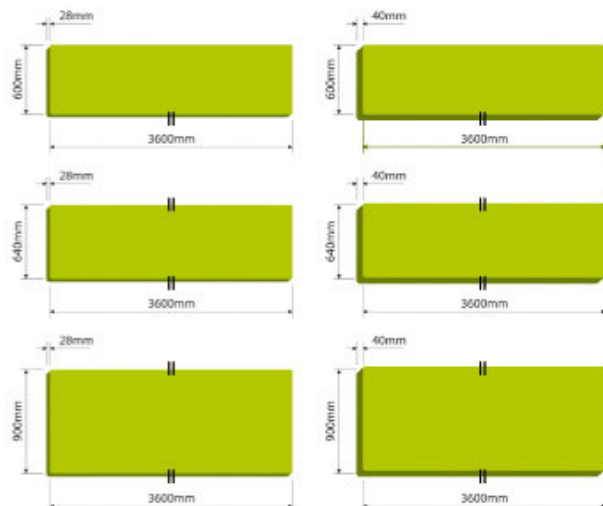

Given its' affordability TopTrends is suitable for both new and existing homes of all shapes and sizes. For more information about where to get your hands on a TopTrends worktop today contact our sales office on
